Allowable Subject Matter

Claims 1-11 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: With respect to the independent claim 1, the prior art of record does not teach nor suggest a process for designing an electronic system able to operate under X or gamma radiation comprising all aspects of the stages listed in the claim. Since the prior art of record does not teach every aspect of the claim, independent claims 1, and dependent claims 2-11, which also incorporate the aspects of claim 1, are deemed allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
